

Web Site Advertising Home Page Rotator

1 PRICING

The price of a single rotator image, with appropriate Text and links to your Town Web Site entry, your own web site page, or Facebook page.

£50 for 4 weeks. Minimum charge £50. Payable in advance.

2 WHAT IS A ROTATOR BANNER

The Rotator, see below, is a set of four images with a link provided on the right hand side (green text on yellow background). Each image is shown in turn for a period of about 5 seconds.

3 WHAT YOU GET

You get a single image which you will supply (preferably in JPEG format). The image can be a composite of several individual images. We will format it appropriately to fit the available space and add text to your requirements.

Your Rotator image will be shown for a period of 4 weeks, terminating on a date of your choice. We will need at least a week to process the image/text combination, so you should not leave the preparation work to the last minute.

4 WHAT YOU NEED TO DO

- Select the pictures you wish to display, and email them to us.
- Include in the email, the text you wish to overlay the images with,
- And the Link address (e.g. your website address) that clicks will take site visitors to.
- Don't forget to tell us the Termination date, and the number of weeks you wish to purchase.

5 WHAT WE WILL DO

We will check the feasibility of the scheme and will resolve any issues, including sending you samples of what it will look like.

Then when we receive your payment, we will make the image 'Live' on, or before, the agreed date.

We will terminate the image as soon as practicable after the termination date.

6 CONTACT US

Please contact us initially using the Web Site: <http://www.churchstretton.co.uk/contact/> or through the Town Council offices.
